## THE HAMILTON EAST KIWANIS

This information booklet has been prepared to provide a brief summary of the purpose and goals of the many Boards and Committees which serve people of all ages under the banner of the Kiwanis Club of Hamilton East.

In 1915 Kiwanis was born in Detroit Michigan. In 1916, its motto "We Trade" was changed to "We Build", and service to others replaced its original purpose of mutual business benefit among its members.

In this same year, Kiwanis became an International service organisation as the first Canadian Kiwanis Club was formed in Hamilton, Ontario. The Hamilton Club, in turn, created the Kiwanis Club of Hamilton East, which was awarded its charter in February of 1940.

In a worthy spirit of altruism, six objectives were established as goals for its clubs and members, at the Kiwanis International Convention in 1924 in Denver. These objectives have applied throughout the years, while annual objectives have been set out at the annual International Convention to guide the ever-increasing numbers of Clubs and Members towards success in achieving specific service goals for the year.

Kiwanis has now exceeded its "three-score-and-ten", and while its three hundred and thirty thousand members of eighty-five hundred clubs are adding daily interest to the meaning of service in eighty Kiwanis nations and geographic areas, its main emphasis continues to be in service to the community. Its success continues to be measured by the improvement in the quality of life "at home".

*Incorporated Non-Profit Organisation: January 1978*  
*Incorporation Number: 0372459*

George. R. Force Group Homes, Inc. are funded entirely by the Ministry of Community and Social Services to provide residential services for male, young offenders between the ages of 12 and 16.

The emphasis in the programmes is on developing responsibility, self respect and self discipline, to enable young offenders to become law-abiding citizens.

Privileges are earned through a responsibility achievement plan which incorporates incentives for positive and responsible behaviour. The goals of the programmes are to provide the young offender with the opportunity to remain adjacent to the community while focusing on re-integration through life skills training, social skills training, drug/alcohol education, recreational/leisure planning and employment/educational goals.

Residents at George R. Force Group Home must be appropriate and responsible enough to attend community based schools or be actively employed.

Residents at West Lincoln Youth Residence attend a Section 25 classroom on-site at the residence. Kiwanis Community Services have an agreement with the Lincoln Board of Education: the board will provide the teacher while West Lincoln will supply the classroom.

*Charitable Registration Number: 0294165-56-14*

Incorporated in 1952, the Hamilton East Kiwanis Boys' and Girls' Club is a non-profit organisation designed to provide support for groups, for families and to assist children to grow into responsible adults by giving them the opportunity and encouragement to develop the best in themselves away from the moral and physical dangers of the street. With the needs of our surrounding community in mind the Boys and Girls Club offers programmes that appeal to everyone. Teens, tots and senior citizens or children can come and participate, whether its in the pool, gym, or leisure activity area.

The Club interacts with a number of different agencies. There are group homes that use the facilities recreational and social programmes (Clark House, G.R. Force and Dawn Patrol); they receive referrals and make referrals to the Children s Aid Society, Family Services, Public Health, Elizabeth Fry and John Howard Societies.

#### PROGRAMMES

##### Satellite Programme

- boys and girls recreational programmes offered to four schools in areas not currently serviced with recreation; kids age 5 - 12

##### Moms and Tots

- combination drop in centre (children's portion) and support group parents portion
- programmes provide young parents and their preschool children with the opportunity to participate in social, educational and recreational activities

##### Seniors Programme

- combination of social recreational activities for the frail, and elderly in the north-east area of our community

#### Hampton Court

- a pilot project through the Boys' and Girls' Club programme
- objectives to provide social and recreational activities in a non-profit housing development

#### *Hamilton East Kiwanis Boys' and Girls' Club (Central Division)*

- extension of Hamilton East Kiwanis Boys' and Girls' Club which offers social and recreational activities for children in the central core of the City

*Incorporated Non-Profit Organisation: March 1986*  
*Incorporation Number: 654188*

The Community Services Corporation was set up in 1986 to serve two basic purposes; assist in the management of the Hamilton East Kiwanis organisations, and act as the development arm for the organisation.

By pooling resources, it has been possible to provide more sophisticated and professional support services than having each Kiwanis group develop their own separately. By centralizing computer, financial, and some senior staffing roles, we are able to support all of the groups in our larger organisation and supply quality management support. Community Services has had the responsibility for developing these services along with the broader role of supporting the on-going management and growth of our various programs.

Community Services is the housing development arm of the Kiwanis organisation, working closely with the housing staff to develop new programs and projects for ourselves, and other groups in the community, who need assistance in the provision of affordable housing. We also work to develop services to meet needs emerging in the community, either through one of our existing services, or in conjunction with other community groups.

*Incorporated Under Hamilton East Community Services Corp.*

The Grocer-Ease programme was developed in 1983 in response to the identified need in the community for a professional shopping service. The target group was those people (elderly and physically handicapped), who for a variety of reasons were unable to shop for themselves.

The purpose of the Grocer-Ease programme is to help families who have assumed principal care of an elderly or handicapped individuals, and to help the elderly or handicapped individual to maximise life's opportunities; to maintain independence and dignity. The programme fills in the gaps in the service networks required of any caring community.

At it's inception in 1983 there were approximately 15 clients who identified themselves or were identified as needing the services of the Grocer-Ease programme. The number of clients has increased consistently in the past five years to reach its present compliment of 250. The client list includes the frail elderly, mentally handicapped, and physically handicapped who range in age from 35 to 95.

We have been welcomed into the community by other social agencies such as V.o.N., Home Care, D.A.R.T.S., Visiting Homemakers, etc. who support our efforts to provide in-home care of those who need it the most.

As the senior population grows larger and Grocer-Ease staff are looking forward to becoming a major link the chain of social services.

*KIWANIS PRESCHOOL EDUCATION CENTRE*

39 Mary Street  
Hamilton, Ontario  
L8R 3L8  
(416) 523-5822

*Incorporated under Hamilton East Community Services, Corp.*

The Children's Centre strives to provide high quality day care through an early childhood programme that adheres to the developmental approach that meets the social, emotional, intellectual and physical needs of the child.

The Children's Centre provides a positive learning environment children that enhances their level of development. Through play experiences and the guidance of specially trained staff, children will be exposed to the situations that will stimulate:

1. Curiosity, initiative and independence;
2. Self-esteem and decision making capabilities;
3. Interaction with and respect for others;
4. Physical activity that develops gross motor skills;
5. Communication skills and language development;
6. Fine motor development and eye-hand co-ordination; and,
7. Cognitive skills.

The Children's Centre strives to incorporate an attitude of respect, caring, interest and learning into everyday care for children.

The children at the Children's Centre, together with the residents from The Brownstone Nursing Home, will have the opportunity to participate in scheduled activities, i.e., music, crafts, etc.

There is an informal bonding relationship between the seniors and the children during daily activities as they greet each other on walks and visits in the Centre.

Each child is unique and because children learn through play, a wide variety of activities and learning materials will be introduced to them. A child may not realise that learning to socialise, increases their attention span, gaining independence and increasing one's level of responsibility are all valuable. By introducing the child to so many experiences, the teacher is offering opportunities for success and expression of feels. Through their experiences and accomplishments, a child will gain self-confidence and a sense of personal worth.

The children participate in a daily schedule that introduces them to dramatic play, creative activities, sand and water play, puzzles, outings, story telling, music, nature and science, books, cooking activities and much more.

Programmes are re-evaluated regularly to reflect changes within the Day Nurseries Act and ideologies on early childhood education .

*Incorporated Non-Profit Organisation: February 1982*  
*Incorporation Number: 503772*

Kiwanis Homes was incorporated with the mandate of providing modest, affordable accommodation to families with children. To this end we have developed approximately 300 scattered units, a twelve unit apartment, and a thirty unit apartment building. Kiwanis Homes also manages the Municipal Non-Profit (Hamilton) Housing Corp.'s portfolio, which at the time of writing consists of five townhouse projects and one apartment building; totalling approximately 300 units.

Kiwanis Homes is a non-profit organisation funded federally by Canada Mortgage and Housing Corporation and provincially by the Ministry of Housing through fees derived from the development and management of non-profit housing projects for ourselves and other groups in our community.

The housing office is divided into three sections: Tenant Programmes addresses the application process, tenant selection, lease renewals, tenant concerns and rental collection; Maintenance and Construction deals with the maintenance of existing units and the construction of new ones; and, Development which is responsible for the development of new housing programmes for Kiwanis Homes.

*Incorporated Non-Profit Organisation: March 1986  
Incorporation Number: 659313*

The Brownstone Nursing Home is a 170 bed non-profit home owned and operated by the Hamilton East Kiwanis. It is located in downtown Hamilton, easily accessible by public transportation.

The Brownstone is licensed under the Nursing Home Act as a Level II facility. Level II is required when an individual has a "stabilised" condition. This means that he/she is not likely to improve/regress beyond that level and needs a minimum of 1.5 hours of nursing care on a daily basis.

The facility provides services under the Provincial Extended Care Programme. Through this programme the Provincial Government assumes part of the cost for maintaining someone in a nursing home. Rates for the residents portion of the costs are established by the Ministry of health. Current fee schedules are available by request.

The Brownstone is an accredited programme of the Canadian Council on Health Facilities and is affiliated with McMaster University.

Care is provided by a variety of staff under the direction of Registered Nurses and the Board of Management.

Admission policies and criteria are established by the Board at The Brownstone. Access is through the Hamilton Placement Co-ordination Service.

The Brownstone Board and staff are committed to working together with our residents and their families. Together we will develop an individual programme of care that supports the individuals functional and social abilities and preserve their rights and dignity. Our goal is to achieve this within a home-like environment with a focus on living rather than illness.

(416) 549-2814

The "service club", now celebrating its 50th anniversary, is the original member within our Kiwanis family. The Club's base, common to many service clubs, was the coming together of businessmen from various occupations and callings, to enjoy each other's company, do some fund-raising and promote good works within the community. The Kiwanis motto is "We Build", and the Kiwanis Club of Hamilton East has attempted to follow this message in all of its efforts.

Currently, the Club operates a bingo game on T.V. (Cable 14), sells Christmas cakes, and participates in selling programmes and souvenirs at Tiger-Cat games. The funds raised are shared between the Kiwanis (Hamilton East) Community Services Foundation, Inc. and other Hamilton programmes, including a grants and bursary programme to assist young people in completing high school.

The Club also provides some members to the board of directors for other members of the Kiwanis family, and assists by providing some manpower when other groups organise events or programmes.

Our Club meets for lunch every Thursday, and frequently hears from varied interesting guest speakers on these occasions. Anyone is welcome to attend and participate. Our Club does not restrict its membership in any aspect. If one joins the Club, it is a commitment to participate in community projects, meet new friends and enjoy the camaraderie of our luncheons and other functions.
